INTRODUCTION

We are OBM environmental technology Co.,Ltd.

We specialize to make and provide all kinds of ozone generator that has latest technology with good price.

The strong capacity of these ozone generators will be applied effectively for solution such as:

- * Hi-tech water treatment
- * Production & processing water treatment
- * Swimming pool water treatment.
- * Waste water treatment etc...

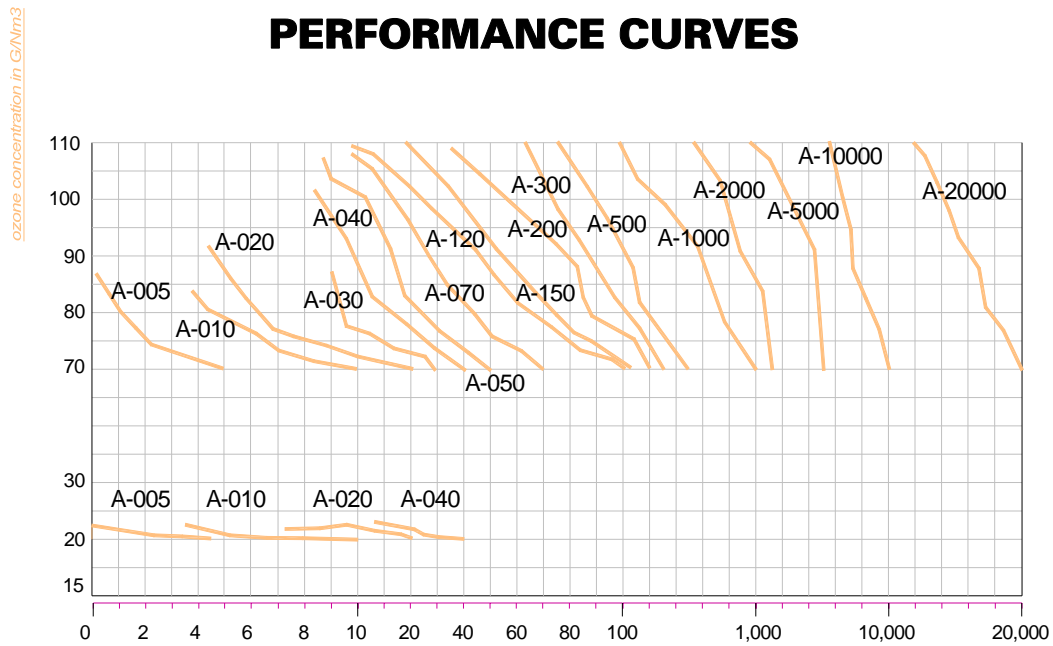

MAIN FEATURE

- + High ozone concentration: up to 110g/Nm³.
- + Minimum maintenance and service personal requirement.
- + Long life time of Ozone electrode.
- + Teflon hose for ozone conduction.
- + Ozone production adjustable.
- + High performance IGBT

OBM'S SPECIAL SERVICE

- + TECHNICAL CONSULTANT (NO CHARGE)
- + DELIVERY SERVICE (HCMC AREA)
- + DIRECT WARRANTY ON IT
- + SERVERING THE CUSTOMMER FAITHFULLY

OZONE SPECIFICATION

General Information Data Sheet

Moden	Ozone Production in g/hour	Voltage					Ozone concentration in G/Nm3			Dimensions ref.	
		110v	220V	380v	1phase	3 phases	20	70	100

Our ozone generator is equipped an oxygen generator or an air dryer. You could order ozone generator excludes the oxygen generator.
In high concentration and low production less than 10g you can run ozone generator with bottle oxygen in that case please call us for advice.

OBM ENVIRONMENTAL CO.,LTD

ALWAYS DEDICATION, CREATION, LISTENING & COOPERATION

OBM'S STRENGTH

- ➔ Well experienced and dynamic staff
- ➔ Efficient quality management system
- ➔ Excellent quality control and training activities
- ➔ Hi-tech solution supplying with reasonable fees

OTHER ACCESSORIES

Injector

Ozone Tester

Ozone Analyzer

Pressure Balance

Ozone Teflon Tubing
